Re: Dodd Frank Act - Conflict Minerals

Dear Valued Customer:

Quality Forging Steels has on file disclosure documentation from all of our suppliers regarding the origin of "conflict minerals" used to manufacture their products pursuant to Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Production Act.

None of the products purchased or supplied by Quality Forging Steels contain any intentionally additions of any "conflict minerals" to include: Tin, Tantalum, Tungsten or Gold.

If you have any questions or require additional information please feel free to contact me.

Very truly yours,

Richard M. Belfiglio
